## JSW MG Motor India Becomes the First OEM to Install 1,000 EV Chargers

*MG EVs Clock 290 Crore Green Kilometres in India; Save 4.17 Lakh Metric Tons of CO<sub>2</sub>*

**Gurugram, June 05, 2026:** On the occasion of World Environment Day, JSW MG Motor India announced the milestone of installing 1,000 community chargers under the MG Charge initiative across 470+ sites in India. With this achievement, the carmaker becomes the first OEM to build EV community charging infrastructure at this scale in the country. The installations span residential societies, condominiums, hospitals, campuses, hotels, and industrial parks.

In addition, the company informed that its EVs have cumulatively covered over 290 crore green kilometres on Indian roads, equivalent to saving 4.17 lakh metric tons of CO<sub>2</sub>. The carmaker further noted that it is preparing an aggressive product onslaught for CY2026, with three new NEVs slated for launch, including the introduction of plug-in hybrid technology. JSW MG Motor India views India's sustainability journey as one that can be driven by multiple technologies.

Aligned with the Government of India's vision, JSW MG Motor India utilizes more than 78% renewable energy at its Halol manufacturing plant, resulting in savings of over 9,300 metric tons of carbon emissions. The plant meets nearly 95% of its total power requirements through renewable energy sources. Water consumption at the Halol facility has been reduced by 23% through process optimization and the reuse of recycled water. JSW MG Motor India has also adopted Industry 4.0 solutions, with digitization and IoT playing a crucial role in decarbonizing operations and enhancing energy efficiency.

### **Some key sustainability initiatives include:**

- Zero External Discharge Plant that utilizes 100% treated water
- Usage of Cleaner fuel (PNG) in all processes. Green coverage with more than 11000 trees planted
- Certified with Zero Waste to Landfill – Gold Maturity
- Equipped with Bio Compost Machine for Canteen, Garden Waste Biogas Plant for Bio waste

- Miyawaki Forest – 5700 Plants.

#### **About Morris Garages**

Founded in the UK in 1924, Morris Garages vehicles were world-famous for their sports cars, roadsters, and cabriolet series. MG vehicles were much sought after by celebrities, including British Prime Ministers and even the British Royal Family, for their styling, elegance, and spirited performance. The MG Car Club, set up in 1930 at Abingdon in the UK, has thousands of loyal fans, making it one of the world's largest clubs for a car brand. MG has evolved into a modern, futuristic, and innovative brand over the last 100 years. Its state-of-the-art manufacturing facility in Halol, Gujarat, has an annual production capacity of 1,00,000 plus vehicles and 6,000 direct and indirect employees. Driven by its vision of CASE (Connected, Autonomous, Shared, and Electric) mobility, the innovative automaker has augmented across-the-board 'experiences' within the automobile segment today. It has introduced several 'firsts' in India, including India's first Internet SUV – MG Hector, India's first Pure Electric Internet SUV – MG ZS EV, India's first Autonomous (Level 1) Premium SUV – MG Gloster, India's first SUV with personal AI assistant and Autonomous (Level 2) technology – MG Astor, India's First D+ Segment SUV – MG Majestor, The Street-Smart Car – MG Comet, India's first Intelligent CUV – MG Windsor, World's Fastest MG – MG Cyberster and The Presidential Limousine – MG M9.
