Windsor PRO To Get A New 52.9 kWh Battery Pack!

JSW MG Motor India previously teased Vehicle-To-Load (V2L) and ADAS in the upcoming MG Windsor PRO

Gurugram, May 5, 2025 – JSW MG Motor India is all-set to launch the new MG Windsor PRO in the Indian market. In an all-new teaser, the company has highlighted that the car will be equipped with a new battery pack, offering extended range for those long drives.

Built on MG's Global Smart Electric Platform, renowned for its reliability, the MG Windsor PRO gets the powerful PMS Motor which is IP67 certified. The Windsor PRO comes with a new 52.9 kWh battery pack, that promises impressive performance and range, while delivering 136 PS of power and 200 Nm torque.

The MG Windsor, India's best-selling EV since its launch, combines a sedan's expanse with a SUV's versatility, making it a premium offering for discerning consumers who seek both value and class. The MG Windsor PRO will feature new safety features like L2 ADAS and more tech features like Vehicle-to-Load and Vehicle-to-Vehicle, enabling customers to utilise the vehicle beyond mobility usage.

About JSW MG Motor India

JSW MG Motor India Pvt. Ltd. is committed to introducing world-class technology, strengthening the manufacturing landscape, bringing the best of innovation across its business operations, and generating significant employment opportunities through extensive localisation.

About Morris Garages

Founded in the UK in 1924, Morris Garages vehicles were world-famous for their sports cars, roadsters, and cabriolet series. MG vehicles were much sought after by celebrities, including British Prime Ministers and even the British Royal Family, for their styling, elegance, and spirited performance. The MG Car Club, set up in 1930 at Abingdon in the UK, has thousands of loyal fans, making it one of the world's largest clubs for a car brand. MG has evolved into a modern, futuristic, and innovative brand over the last 100 years. Its state-of-the-art manufacturing facility in Halol, Gujarat, has an annual production capacity of 1,00,000 plus vehicles and 6,000 direct and indirect employees. Driven by its vision of CASE (Connected, Autonomous, Shared, and Electric) mobility, the innovative automaker has augmented across-the-board 'experiences' within the automobile segment today. It has introduced several 'firsts' in India, including India's first Internet SUV – MG Hector, India's first Pure Electric Internet SUV – MG ZS EV, India's first Autonomous (Level 1) Premium SUV – MG Gloster, the Astor- India's first SUV with personal AI assistant and Autonomous (Level 2) technology, MG Comet – The Street-Smart Car and India's first Intelligent CUV, MG Windsor.
