

MG MAJESTOR, India's First D+ Suv, sets a new GUINNESS WORLD RECORDS™ title feat. for Pulling The Heaviest Train by an SUV on Rail

- Successfully pulls the heaviest train by an SUV on an operational railway track in Jammu & Kashmir
- Sets a world record by towing a 406.4 tonne train over 300 feet, the first feat of its kind achieved by any SUV
- MG MAJESTOR is set to be launched soon, and the pre-reservations are currently open at INR 41,000
- First 3,000 Pre-reserved customers can avail MG's Complete-Peace-of-Mind programme featuring a 5-Year Unlimited KM Warranty, Free 5-Year Roadside Assistance for Unlimited KM and 5 Labour-Free Services*

Gurugram, April 10, 2026: JSW MG Motor India today announced that India's First D+ SUV, the MG MAJESTOR, has set a new **GUINNESS WORLD RECORDS™** title for "Heaviest Train Pulled by a Sports Utility Vehicle (SUV) on Rail." The MG MAJESTOR successfully pulled a 406.4 tonne train over a distance of 300 feet on a secured railway section between Kakapora railway station and Awantipora railway station in Jammu and Kashmir. This achievement surpasses the Guinness World Records qualifying benchmarks of 400 tonnes and 100 feet, establishing a new global standard for SUV capability.

The MG MAJESTOR used for the attempt was a standard production vehicle with no engine or drivetrain modifications and/or no traction-enhancing alterations. The record placed the SUV under extreme load conditions, testing its traction management, torque delivery and structural integrity. Powered by a 2.0-litre twin-turbo diesel engine delivering 215.5 PS and 478.5 Nm of torque, the MG MAJESTOR executed the pull with measured progression and consistent control, emerging as one of the world's most capable and resilient SUVs.

The attempt was monitored by independent automotive and motorsport experts to ensure:

- The train movement was solely powered by the MG MAJESTOR
- No external propulsion or assistance was applied
- The vehicle maintained stable, controlled performance across the full pull distance

All parameters, including train weight, track conditions and distance, were professionally documented in accordance with Guinness World Records verification protocols. The train, comprising a WAG-9HC locomotive, passenger coaches and a guard coach, was independently verified at 406 tonnes.

"This achievement is a powerful demonstration of what the MG MAJESTOR is engineered to deliver. It reflects our focus on building vehicles that combine strength, precision and control, even in the most demanding conditions. With the MAJESTOR, we are setting new benchmarks for capability while staying committed to delivering meaningful innovation and confidence to our customers." said **Anurag Mehrotra, Managing Director, JSW MG Motor India.**

MG MAJESTOR is built for customers who seek a lifestyle defined by bold presence, unyielding dominance and superior capability. It blends rugged engineering with refined

MORRIS GARAGES
Since 1924

comfort and intelligent technology. Powered by a 2.0-litre twin-turbo diesel engine delivering best-in-segment 215.5 PS and 478.5 Nm torque, paired with a best-in-class 8-speed automatic transmission, the SUV features first-in-segment Triple Differential Locks (front, rear and centre), an Advanced 4WD system with 10 off-

road modes, Crawl Control Mode, 219 mm ground clearance and an 810 mm water-wading capability. As India's First D+ SUV with Level 2 ADAS, the MAJESTOR brings together serious capability with advanced safety and premium in-cabin experiences.

Driven by a customer-first philosophy, JSW MG Motor India complements the MG MAJESTOR's capability with its Complete-Peace-of-Mind programme. The SUV is offered with a distinctive 5-5-5 ownership proposition comprising 5-Year Unlimited Kilometre Warranty, free 5-Year Roadside Assistance for Unlimited KM and 5 Labour-Free Services. The first 3000 customers can avail this programme and pre-reserve the car at INR 41,000 on www.mgmotor.co.in. Early customers will also benefit from priority deliveries, exclusive previews across select cities, and invite-only experiential drives curated specially for MAJESTOR owners.

**For first 3000 customers only*

About Morris Garages

Founded in the UK in 1924, Morris Garages vehicles were world-famous for their sports cars, roadsters, and cabriolet series. MG vehicles were much sought after by celebrities, including British Prime Ministers and even the British Royal Family, for their styling, elegance, and spirited performance. The MG Car Club, set up in 1930 at Abingdon in the UK, has thousands of loyal fans, making it one of the world's largest clubs for a car brand. MG has evolved into a modern, futuristic, and innovative brand over the last 100 years. Its state-of-the-art manufacturing facility in Halol, Gujarat, has an annual production capacity of 1,00,000 plus vehicles and 6,000 direct and indirect employees. Driven by its vision of CASE (Connected, Autonomous, Shared, and Electric) mobility, the innovative automaker has augmented across-the-board 'experiences' within the automobile segment today. It has introduced several 'firsts' in India, including India's first Internet SUV - MG Hector, India's first Pure Electric Internet SUV - MG ZS EV, India's first Autonomous (Level 1) Premium SUV - MG Gloster, the Astor - India's first SUV with personal AI assistant and Autonomous (Level 2) technology, MG Comet - The Street-Smart Car and India's first Intelligent CUV, MG Windsor.
